Bill to Repeal the Resumption Act to be Reported.

WASHINGTON, Oct. 31.—The Committee on Banking and Currency this morning had under consideration the bill to repeal the third section of the Resumption Act. A spirited debate of an hour's duration took place, frequently interrupted by dilatory motions on the part of those opposed to the bill. Speeches in favor of the repeal were made by Messrs. Ewing of Ohio, Phillips of Kansas, and Fort of Illinois, the latter, however, protesting against the bill being reported in its present shape, and desiring a further consideration and certain modifications. A speech against it was made by Mr. Hardenberg, of New Jersey, but the bill was finally ordered to be reported to the House by the following vote: Yeas—Buckner of Missouri, Ewing of Ohio, Yates of North Carolina, Hartzell of Illinois, Bell of Georgia, Phillips of Kansas, Hayes—Hardenberg of New Jersey, Hart of New York, Eames of Rhode Island, Fort of Illinois and Chittenden of New York. Of those voting for the repeal five were Democrats and one Republican.

THE BANK TAX.
WASHINGTON, Oct. 31.—In his forthcoming annual report the Commissioner of Internal Revenue will recommend the continuance of the bank tax, and devotes considerable space to giving his reasons for this recommendation. The revenue from this source for the fiscal year 1876 was \$4,066,693.08, showing a decrease from the previous fiscal year of \$90,550.00.

MODE OF ELECTING A PRESIDENT.

The following is the Senate Committee announced this morning to inquire into the mode of election of President and Vice President: Messrs. Edmunds, Conkling, McMillan, Davis of Illinois, Teller, Bayard, Thurman and Morgan.

In a letter to Speaker Randall to-day, Clarkson N. Potter declines the Chairmanship of the Pacific Railroad Committee.

MORE ARCTIC FOOLISHNESS.

Among the bills introduced in the House was one offered by Mr. Hunter, of Indiana, authorizing an expedition to the Arctic Seas. This is the same bill which was favorably reported on by the Naval Committee at the last session, and being strongly indorsed by scientists, geographers and explorers in this country and Europe, will undoubtedly be passed at the present session.

The House Committees.

National Associated Press to the Star.
WASHINGTON, Oct. 31.—The House Committee on Appropriations organized yesterday and proceeded to the consideration of the Army Bill. The bill is reported to the House early next week.

The Ways and Means Committee.
Appointed as its clerk Col. Wm. Humphill Jones, of Delaware, late chief clerk of the First Comptroller's Office, and the person to whom General Dix sent the dispatch: "If any man attempts to haul down the American flag shoot him on the spot."

Expenses Must be Reduced.

The question of reducing the expenses of the Government has been the subject of careful consideration by the President and members of the Cabinet for some weeks past. It is fully agreed between them that the expenses must be cut down; or, to use the language of Secretary Sherman, "the revenues of the Government will not hold out if expenses are not curtailed."

penses are not curtailed." The point now being considered is, where the expense can be reduced without crippling the interests of the country, and in this connection it has been decided that a large reduction can be made in the appropriations for improvements of rivers and harbors and in the building of fortifications. It is contended that an immense amount is spent on rivers and harbors that might be saved and applied to the sinking fund or some other useful purpose; and the same may be said of the amount spent in building brick and rock forts, which are more ornamental than useful.

It is proposed to stop all appropriations for this sort of work, and to use the money for the improvement of the river and harbor improvements to the actual and absolute wants of the country. The expenses of the naval establishment, and in fact every branch of the Government service, is to be reduced to the very lowest figure possible. The heads of the departments are busy revising their estimates, and it is probable that the appropriations for the fiscal year commencing July 1, 1878, will be less than for any year since the close of the war. It is expected that this effort on the part of the Administration to reduce the expenses of the Government will meet with some opposition even in Congress, whose leaders are stating that they intend to insist upon the greatest economy in the appropriations. There is no getting away from the fact that the appropriations must be reduced or the tax increased. The Administration is determined to put to the test the sincerity of Congress on the subject of economy.

NEW YORK CITY.

Fight Between Notorious Characters.
NEW YORK, Oct. 31.—The sporting circle, in this city were in a state of excitement last night, through an affray which occurred between two well known sporting men named Edwin M. Haggerty and Thomas Lynch, saloon keeper, 482 West Twenty-third street. It appears that while Haggerty was standing in Gallagher's saloon, under the Hoffman House, about 8 P. M., he was approached by Lynch, who commenced chaffing him about Senator Morrissey's chance in the coming election. An angry altercation followed, which finally resulted in blows, and a number of frequent blows were exchanged between the two men, who were present no one dared interfere, fearing that weapons would be drawn. Finally Haggerty beat his adversary back, and after several blows had been exchanged the men were separated, not, however, before they had covered themselves with blood.

After and arrested both men, Haggerty is notorious as having been junior of the new Court-house at the time the vouchers in the Tweed case were stolen, about two years ago. He also shot a man named Ferris at the Fifth Avenue Hotel, during a quarrel about Morrissey's chance in the coming election. Both men were locked up, and will be taken to Court this morning.

The Bolivia Sale.

The Anchor Line steamship, Bolivia, which was six days overdue this morning, was spoken at sea, two hundred miles from New York, on the 24th inst., by the steamer Davonia, of the same line. A dispatch received by Messrs. Handerson & Brothers, agents in this city, from Glasgow, reports that the Bolivia broke her shaft after leaving Liverpool, and was proceeding slowly under sail. The agents have no fear of her safety and expect she will arrive here by Saturday or Sunday.

LOUISVILLE, Oct. 31.—Grove Kennedy, the notorious Garrard County desperado, who killed his uncle in that county several months since, and escaped from jail by his guards, and being remanded to jail by the judge without bail, and who was recaptured by George W. Hunter, Marshal of Bardonia, last Saturday, was brought to Louisville, yesterday, and placed in the jail for safe keeping.

He will apply for a writ of habeas corpus with the view of obtaining bail. He can give any amount. There are only a few who believe conviction possible in his case.

MAYSVILLE, Oct. 31.—Some two years ago a man by the name of John Wear killed another by the name of Michael, in Owen County, but by some means managed to escape from the county before the law officers could effect his arrest.

JUDGE WILSON amused those that lingered after the Police Court this morning by relating jokes and singing. He says that while at one of the depots the other night he saw a fellow leaning up against a post, pretty full, dreaming away the pleasant hours, and that after he had been moved away several times by the policeman, the fellow thus addressed him: "Jimmy, how can you sleep so soundly in such a position as that?" "Oho," said the "noodle," "hic—hic—I am an ex-policeman."

He was engaged in sending some goods to the second story, when he mislaid his footing and fell through the hatchway to the floor beneath. He was picked up by Mr. Harry Learup and placed in a pack and conveyed to his home in Dayton, Ky. It is feared he has sustained severe internal injuries.

A Good Ban.

Some time last night or early this morning burglars visited the saloon of F. & E. Schomberg, No. 131 Harrison avenue, near Brighton Station.

They seemed to have followed the "Bill Sykes" method, by putting a little boy through the transom over the door leading to the kitchen. After the door had been opened to them, the burglars proceeded to the room where Mr. Schomberg and his wife were sleeping, and turning on the gas "went through" the pockets of Mr. Schomberg, securing a pocket-book containing \$50.

They did not take time to look after some of the valuable jewelry in the room, but decamped with their booty a quick as possible. The police has been notified.

Board of Public Works.

The Board met in regular session, all the members present, and President Bell in the chair.

The report from the Committee on Water-works, recommending that a line of six-inch water-pipe be laid on Corry street, from Vine to Jefferson street, was adopted.

As also a report from the same committee, recommending that a four-inch line be laid on Grand street, from Nassau street to a distance of three hundred feet south.

The report from the Committee on Light, to whom was referred the requests of either branch of the Common Council to have lamp posts and lamps transferred to named localities, have conferred with the Gas Company in reference to their undertaking to make such changes (the Board of Public Works having no funds at their command to justify it to order the work to be done), and the President of said company declines to make the transfer, was filed.

A resolution was adopted that the compensation to be paid the Pay-master of the City Water-works from and after November 1st, be \$1,500 per year.

Death of Mr. Samuel F. Scott.

His many friends will hear with sincere regret of the death, at 2 o'clock this morning, of Mr. Samuel F. Scott, an attaché of the Star from almost the first issue of the paper (nearly six years ago) to the time of his death. Deceased was born in the city of Philadelphia November 7, 1823, but has been for over twenty-five years a resident of this city, where he was known by almost every man, woman and child.

He has held various positions of public trust in connection with the city and county governments, which, like all duties confided to him, he discharged with energy, fidelity and care. He possessed very many fine traits of character, which, with his generous impulses and social disposition, made him a favorite among his business associates, in the lodge-room, or in any circle he happened to be. Whoever about the city there was anything worth seeing or hearing there was to be found, and there are few men who would be missed by all classes of people more than he. It has been frequently said by his associates that he knew more people in Cincinnati than any other one man in the city, and we believe it to be true. Due notice of the funeral will be given.

THE BLOODY GROUNDS.

Arrest of An Alleged Murderer.
City Marshal Dave Lock, of Newport, received a dispatch yesterday evening from the Chief of Police at Louisville, to be on the lookout for a man named Thomas Murphy, who murdered a policeman in that city on Monday, October 22.

Marshal Pat. Bolan, of Covington, having received a similar notice, sent Officer Healey, of that city, to Newport to assist Lock. After diligent search through the various boarding-houses without any success they visited the neighborhood of Swift's rolling-mill, and there learned that a young man named Murphy had come from Louisville last Friday and went to work at the mill on Monday of this week.

The officers then sought out Murphy's stopping place, which was Bruton's boarding-house, on Goodman street, where they arrested him. He stoutly denied knowing anything about the affair, but a letter found on his person gave him away.

The letter was written to his father, requesting him not to go back on him now—he at once send him money so that he could get away.

Marshal Lock dispatched to Louisville last night shortly after the arrest, requesting the Marshal to send an officer to identify him.

This morning Lieut. Steley arrived from the Falls City, and recognized him as the murderer, whom he took thither at 4 o'clock this afternoon.
